We strive to be as authentic as possible in our overall impressions and field tactics. Accordingly, we undergo basic German field training to make our ‘transformation’ into soldiers of the Waffen-SS complete. We do not enforce strict military discipline, but we do expect members to act like German soldiers when in uniform. As practiced in the original Waffen-SS, the leadership of this unit will not expect anything from members of the unit that they themselves will not do.

By signing, the candidate acknowledges that individual behavior unbecoming of a soldier and/or that violates unit safety/authenticity standards may justify disciplinary actions and possible expulsion.
